Applicant Date

If you have a disability and may require some accommodation in taking this examination, be sure to fill out and submit the “Request for Accommodation” form along with this application. If accommodation is not requested in advance, we cannot guarantee the availability of accommodation on site.
The Louisiana State Board of Cosmetology will provide accommodations for persons with disabilities who are taking licensure or certification examinations.

For the purpose of this policy, the term disability means a permanent or temporary physical or mental impairment, which limits or prevents an examination candidate from taking the examination in the same manner and under the same conditions as those candidates who do not have disabilities. Examples of disability include but are not limited to visual, speech hearing, and orthopedic impairments and specific learning disabilities. The basis for such impairments include but are not limited to cerebral palsy, epilepsy, muscular dystrophy, multiple sclerosis, cancer, heart disease, diabetes, mental retardation, emotional illness, HIV disease, tuberculosis, drug addiction and alcoholism.

Examination candidate's with environmental, cultural, language or economic disadvantages are not considered, for this policy to have disabilities.

Persons with disabilities who wish accommodations must meet the requirements for examination modification as specified by the examination service when NATIONALLY STANDARDIZED EXAMINATIONS are used and when such requirements are in place. Persons with disabilities who wish accommodations must meet the requirements as specified by this policy when STATE DEVELOPED EXAMINATIONS are used or when there are no other requirements in place. The purpose of providing accommodations in testing is to minimize the impact of disability in order to enable the individual to demonstrate mastery of the subject being tested.

Any cost for accommodations will not be the responsibility of the applicant, but shall be the responsibility of the Board or the testing service. However, the person taking the test may provide his/her own equipment or accommodation if the person desires.

Pursuant to the Americans with Disabilities Act (ADA), agencies and associations that provide certification/credentialing programs for professional and trade purposes are required to assure that such programs do not discriminate on the basis of disability. The compliance deadline for this section of ADA was January 26, 1992. The ADA requires organizations administering examinations to offer the examination in an accessible location and to provide auxiliary aids for the test-taker with a disability. The administering organization is required to make the process of requesting accommodation readily available.
The ADA allows the administering agency to ask for documentation of eligibility and notification of disability-related needs. However, under this law: 1) applicants with disabilities are entitled to, and have the responsibility to meet, the same deadlines for application and submission of documentation as that established for non-disabled individuals; and 2) the Board is not allowed to request disability-related information beyond what is necessary to establish the validity of the request for accommodation.

Any disability-related information is CONFIDENTIAL INFORMATION. When the Board receives documentation of disability from an applicant, we assume responsibility for maintaining its confidentiality. Access to disability-related information will be on a need-to-know basis; and it will be made available only for the purpose of assuring appropriate accommodation. The Board is legally prohibited from releasing to any outside entity, any information or documentation provided by the applicant in requesting accommodation. Verification of disability-related accommodations provided by the Board or testing service can be released only upon express written request of the applicant.

Licensed Cosmetologists, manicurists, estheticians, instructors and students are disqualified as readers. Readers will be required to provide a source of identification such as a driver’s license or identification card from Motor Vehicle.

PROCEDURE:

A. Examination applicants who wish accommodations to take examinations must request such at the time they make applications for an examination or within at least 30 days prior to the examination date; and provide documentation of the accommodation needed.

B. All applications for licensure or certification examination must contain the following statement: “If you have a disability and may require some accommodation in taking this examination, be sure to fill out and submit the ‘Request for Accommodation’ form along with this application. If accommodation is not requested in advance, we cannot guarantee the availability of accommodation on site.”

C. Upon receipt of such request, the Board or its designated staff person (s) shall review the request and inform the applicant of the Board’s decision within 10 days, by using Attachment A.

D. The Board will allow the equipment or personnel needed for accommodations to be provided by the applicant, if the applicant wished to provide such equipment or personnel.
