## **Introduction**

With the twist and turns and forever evolving world of the beauty industry, LSBBA, Inc., intends to engage the beauty instructors by informing, implementing or reintroducing the following:

**Courage** – to do things outside of one's comfort zone.

**Perseverance** - persistence in doing something despite difficulty or delay in achieving success. No matter what technique is called for.

**Education** is the process of receiving or giving systematic instruction. In referencing to Education, we often use the term '**Knowledge is Power**' the belief that knowledge changes lives and that consequently we can change the world reinforces everything that we do as Educators/Instructors.
